

Leveraging ISO 55001 Strategic Asset Management with Cybersecurity Principles

Meighan Altwies, CFM, PMP

Tracy West, CISSP

Serco, Inc.

May 15, 2024, 3:30 p.m.

Do you know?

Asset Management

What you have?

Where it is?

How much it costs to replace?

When to Replace?

What the Condition is?

Cybersecurity

What you have?

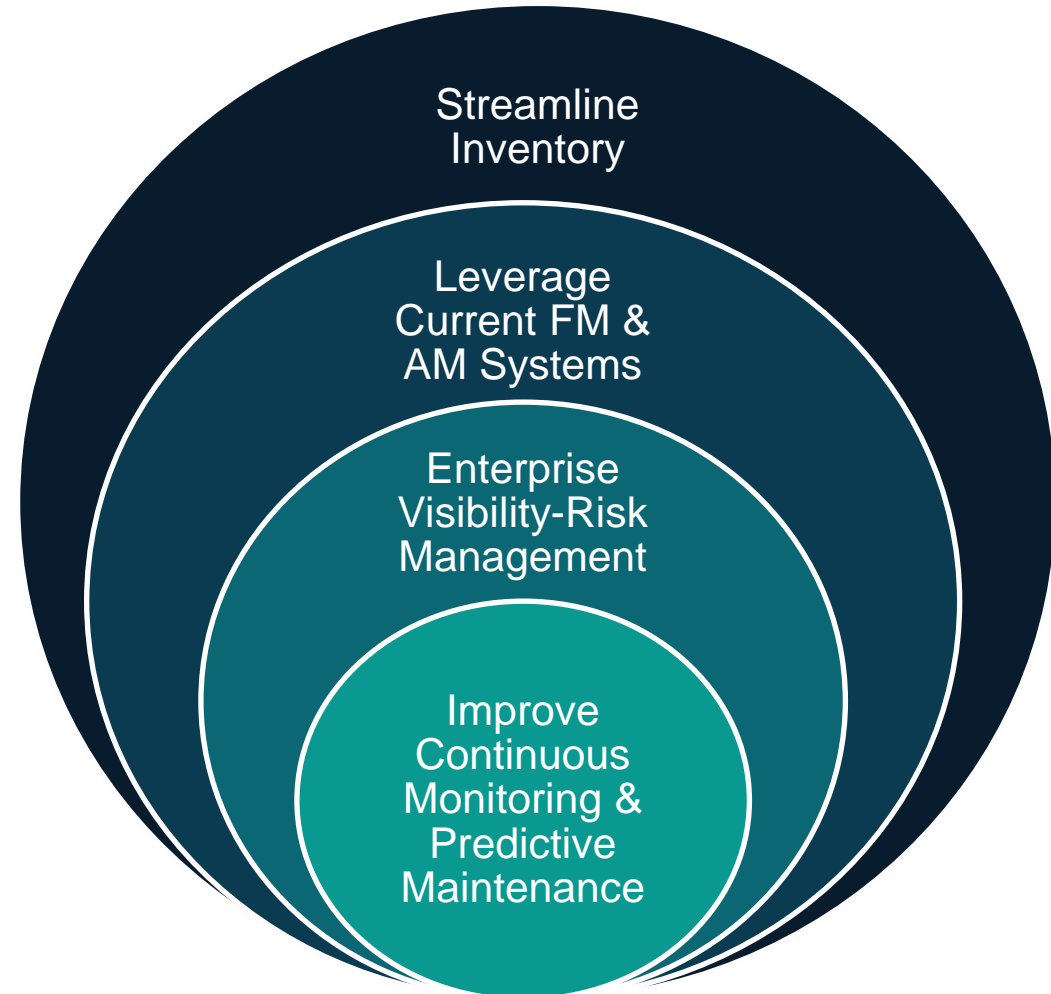

Where it is?

The mission criticality?

The recovery plan?

The risk assessment gaps?

Bringing It Together

Principles of Asset Management (AM)

- Asset Management Strategy
- Governance and Structure
- Demand and Capacity Management
- Operational Management
- Procurement
- Supplier & Contract Management
- Information Systems and Data Management
- Performance Management & Reporting
- Skills & Capabilities
- Continuous Improvement

Cybersecurity Framework

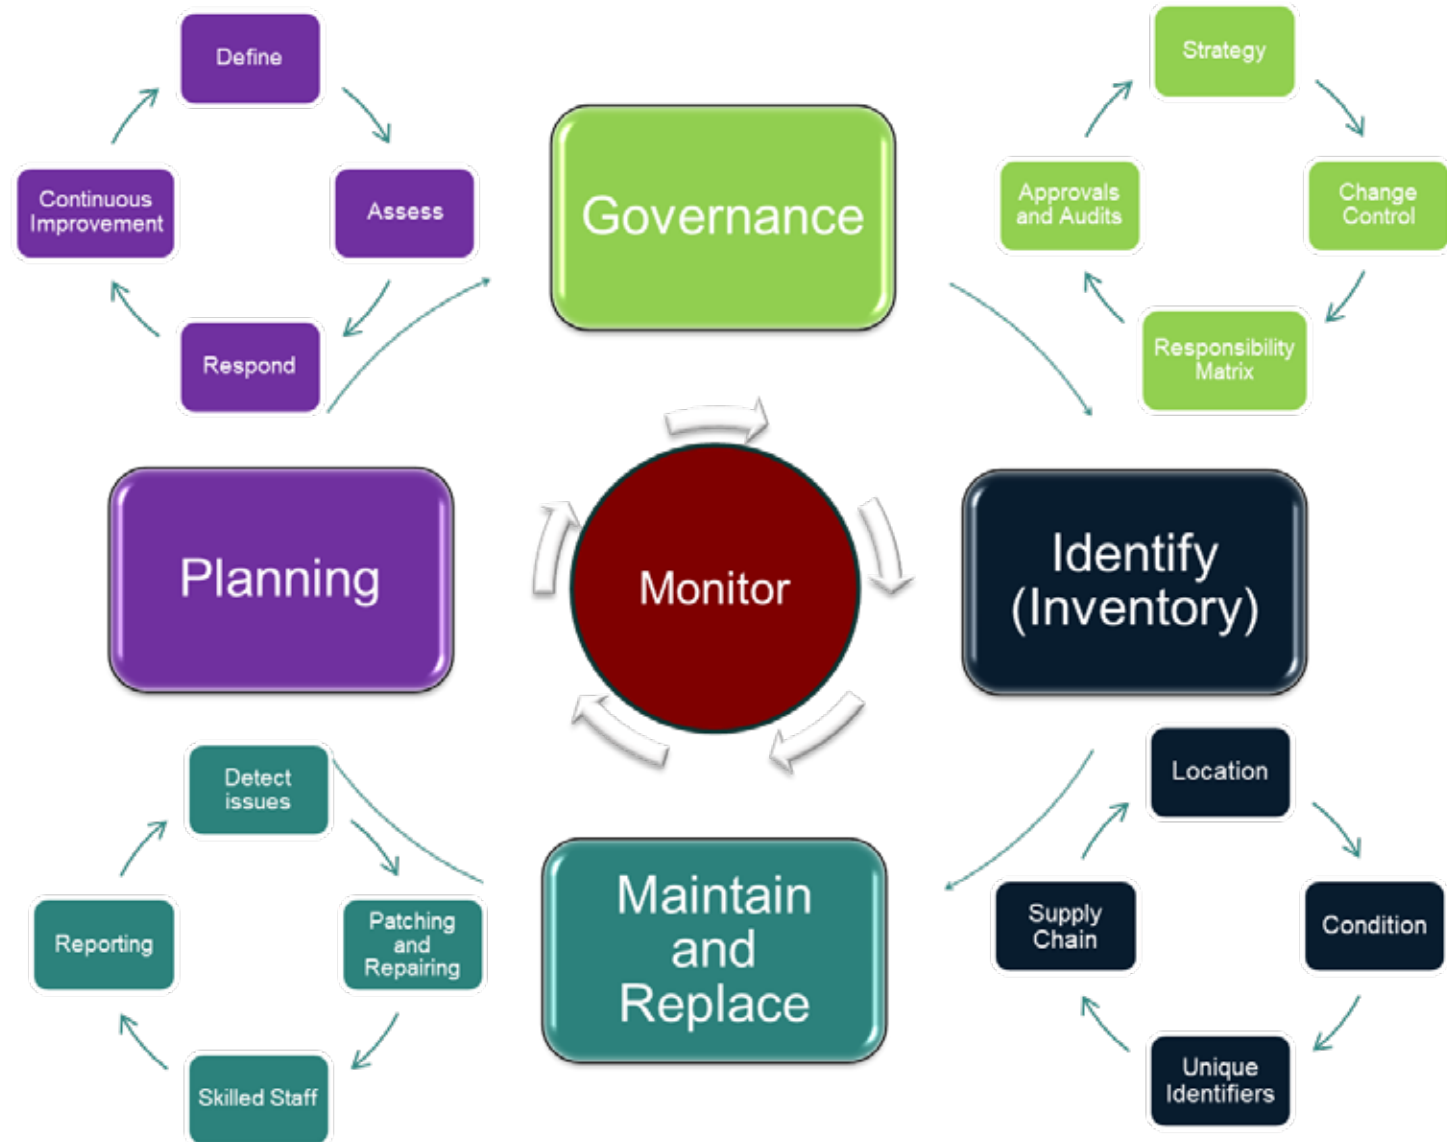

AM = key cyber enabler

- Integration streamlines tracking and compliance
- Increases ability to harden (protect), monitor (detect), respond and recover
